SECTION III: GENERAL

LIMITATIONS

The rates in this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. Acceptance of the rates is subject to the following conditions: (1) Only costs incurred by the organization were included in its indirect cost pool as finally accepted, such costs are legal obligations of the organization and are allowable under the governing cost principles, (a) The same costs that have been treated as indirect costs are not claimed as direct costs; (3) Similar types of costs have been accorded consistent accounting treatment, and (4) The information provided by the organization which was used to ostablish the rates is not later found to be materially incomplets or inaccurate by the Federal Government. In such situations the rate(s) would be subject to renegotiation at the discretion of the Federal Government.

ACCOUNTING CHANGES:

This Agreement is based on the accounting system purported by the organization to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the organizant agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from indirect to direct. Failure to obtain approval may result in cost disallowances.

FIXED RATER:

If a fixed rate is in this Agreement, it is based on an estimate of the costs for the period covered by the rate, When the actual costs for this period are determined, an edjustment will be made to a rate of a future year (s) to compensate for the difference between the costs used to establish the fixed rate and actual costs.

The Tates in this Agraement were approved in accordance with the authority in Office of Management and Budget Circular A-87 Circular, and should be applied to grants, contracts and other agramments covered by this Circular, subject to any limitations in A above. The organisation may provide copies of the Agramment to other Federal Agencies to give them early notification of the Agreement.

If any Pederal contract, grant or other agreement is reinbursing indirect costs by a means other than the approved rate(s) in this Agreement, the organization should (1) credit such costs to the effected programs, and (2) apply the approved rate(s) to the appropriate base to identify the proper amount of indirect costs allocable to those programs.
